

HERALD#

These wiki pages are designed to act as a reference resource and source of new events regarding the HERALD project currently being undertaken by ADS with support from Historic England.

HERALD is the name given to the overarching project which encompasses the redevelopment of the current OASIS system, and the creation of the ADS library.

This wiki contains the following information:

- [Background to the project](#)
- [HERALD resources to download \(reports and promotional material\)](#)
- [Project timeline](#)
- [List of upcoming events](#)
